INSTRUCTIONS

➢ You **MUST** fill out an Architectural application stating the number and location of the trees to be trimmed.

➢ This application **MUST** also be approved and signed by the requesting homeowner's neighbors.

➢ Once the application is approved by the Architectural Committee, you will receive a colored permit to place in your window to show that you have approval for the trimming.

➢ When the trimming is completed, please contact the LHSA office so that we can inspect and to record your application as completed.

ARCHITECTURAL REGULATIONS- III. GREEN AREAS

Green areas shall include those sections of property to the rear or side boundaries owned by the unit owner and containing trees and/or other vegetation that were preserved and/or planted by the developer.

Green areas shall be left in a natural state, except that dead vegetation shall be removed. Trimming shall be the unit owners' responsibility.

No trees or shrubs shall be removed from the Green Areas without the approval of the Architectural Committee, which shall include an on-site inspection and consultation.

If overgrown trees/shrubs are removed, and if deemed necessary to preserve the Green Areas, and to maintain a privacy screen, as before, suitable replacement evergreen shrubs or small trees shall be required.

Adjacent neighbors affected by the changes MUST be notified before work is started.
